

Chardonnay, 2019

The grapes have been handpicked from Mudgee vineyard. Cooler climate regions provide a longer period of ripening which supports the slow development of complex flavours and an elegant and balanced style of wine which beautifully partners a wide range of cuisines. This is reflected in our Chardonnay which exhibits lifted and aromatic characteristics - unmistakably a fine cool-climate wine.

\$30

Rosé, 2020

A little different this year. Made from Shiraz grapes instead of Cabernet, this vintage is showing itself to be a vivacious and lively drop, making no apologies for its robust and bold flavours. Brilliant cherry-pink hues. The nose is bursting with red confectionary and strawberry characters which carry over to the palate, with a lovely zippy acidity that gives this wine fantastic length. A real party starter, this one.
